United States Patent and Trademark Office (USPTO)
Office Action (Official Letter) About Applicant's Trademark Application

U.S. Application Serial No. 97122034

Mark: HEDGEHOG

Correspondence Address:

BENJAMIN A. COSTA
RIDDER, COSTA & JOHNSTONE LLP
340 S LEMON AVE
#7550
WALNUT CA 91789 UNITED STATES

Applicant: Hedgehog Technologies, Inc.

Reference/Docket No. N/A

Correspondence Email Address: trademark@rcjlawgroup.com

NONFINAL OFFICE ACTION

The USPTO must receive applicant's response to this letter within six months of the issue date below or the application will be [abandoned](#). Respond using the Trademark Electronic Application System (TEAS). A link to the appropriate TEAS response form appears at the end of this Office action.

Issue date: August 26, 2022

The referenced application has been reviewed by the assigned trademark examining attorney. Applicant must respond timely and completely to the issue(s) below. 15 U.S.C. §1062(b); 37 C.F.R. §§2.62(a), 2.65(a); TMEP §§711, 718.03.

SUMMARY OF ISSUES:

- Likelihood of Confusion Refusal
- Classification of Goods and/or Services Must be Amended
- Identification of Goods and Services Must be Amended in Part

SEARCH OF USPTO DATABASE OF MARKS

The trademark examining attorney has searched the USPTO database of registered and pending marks and has found no conflicting marks that would bar registration under Trademark Act Section 2(d). 15 U.S.C. §1052(d); TMEP §704.02.

SECTION 2(d) REFUSAL – LIKELIHOOD OF CONFUSION

Registration of the applied-for mark is refused because of a likelihood of confusion with the marks in U.S. Registration Nos. 5328288 and 5864617. Trademark Act Section 2(d), 15 U.S.C. §1052(d); *see* TMEP §§1207.01 *et seq.* See the attached registration.

Trademark Act Section 2(d) bars registration of an applied-for mark that is so similar to a registered mark that it is likely consumers would be confused, mistaken, or deceived as to the commercial source of the goods and/or services of the parties. *See* 15 U.S.C. §1052(d). Likelihood of confusion is determined on a case-by-case basis by applying the factors set forth in *In re E. I. du Pont de Nemours & Co.*, 476 F.2d 1357, 1361, 177 USPQ 563, 567 (C.C.P.A. 1973) (called the “*du Pont* factors”). *In re i.am.symbolic, llc*, 866 F.3d 1315, 1322, 123 USPQ2d 1744, 1747 (Fed. Cir. 2017). Any evidence of record related to those factors need be considered; however, “not all of the *DuPont* factors are relevant or of similar weight in every case.” *In re Guild Mortg. Co.*, 912 F.3d 1376, 1379, 129 USPQ2d 1160, 1162 (Fed. Cir. 2019) (quoting *In re Dixie Rests., Inc.*, 105 F.3d 1405, 1406, 41 USPQ2d 1531, 1533 (Fed. Cir. 1997)).

Although not all *du Pont* factors may be relevant, there are generally two key considerations in any likelihood of confusion analysis: (1) the similarities between the compared marks and (2) the relatedness of the compared goods and/or services. *See In re i.am.symbolic, llc*, 866 F.3d at 1322, 123 USPQ2d at 1747 (quoting *Herbko Int’l, Inc. v. Kappa Books, Inc.*, 308 F.3d 1156, 1164-65, 64 USPQ2d 1375, 1380 (Fed. Cir. 2002)); *Federated Foods, Inc. v. Fort Howard Paper Co.*, 544 F.2d

1098, 1103, 192 USPQ 24, 29 (C.C.P.A. 1976) (“The fundamental inquiry mandated by [Section] 2(d) goes to the cumulative effect of differences in the essential characteristics of the goods [or services] and differences in the marks.”); TMEP §1207.01.

COMPARISON OF THE MARKS

Applicant’s mark is HEDGEHOG displayed in a standard character format. Registrant 5328288’s mark is I.M.A. HEDGEHOG ALGO and is displayed in a standard character format. Registrant 5864617’s mark is HERO THE HEDGEHOG and is displayed in a stylized format with a design element. All of the marks contain the wording HEDGEHOG and applicant’s mark is present in its entirety in registrant’s mark. The only differences between the marks are the added elements in registrants’ marks. The applicant’s proposed mark is virtually identical in sound and appearance to the registered mark and creates the same commercial impression.

Marks are compared in their entireties for similarities in appearance, sound, connotation, and commercial impression. *Stone Lion Capital Partners, LP v. Lion Capital LLP*, 746 F.3d 1317, 1321, 110 USPQ2d 1157, 1160 (Fed. Cir. 2014) (quoting *Palm Bay Imps., Inc. v. Veuve Clicquot Ponsardin Maison Fondee En 1772*, 396 F.3d 1369, 1371, 73 USPQ2d 1689, 1691 (Fed. Cir. 2005)); TMEP §1207.01(b)-(b)(v). “Similarity in any one of these elements may be sufficient to find the marks confusingly similar.” *In re Inn at St. John’s, LLC*, 126 USPQ2d 1742, 1746 (TTAB 2018) (citing *In re Davia*, 110 USPQ2d 1810, 1812 (TTAB 2014)), *aff’d per curiam*, 777 F. App’x 516, 2019 BL 343921 (Fed. Cir. 2019); TMEP §1207.01(b).

Comparison as to Registration No. 5328288

Although marks are compared in their entireties, one feature of a mark may be more significant or dominant in creating a commercial impression. *See In re Viterro Inc.*, 671 F.3d 1358, 1362, 101 USPQ2d 1905, 1908 (Fed. Cir. 2012); *In re Nat’l Data Corp.*, 753 F.2d 1056, 1058, 224 USPQ 749, 751 (Fed. Cir. 1985); TMEP §1207.01(b)(viii), (c)(ii). Disclaimed matter that is descriptive of or generic for a party’s goods and/or services is typically less significant or less dominant when comparing marks. *In re Detroit Athletic Co.*, 903 F.3d 1297, 1305, 128 USPQ2d 1047, 1050 (Fed. Cir. 2018) (citing *In re Dixie Rests., Inc.*, 105 F.3d 1405, 1407, 41 USPQ2d 1531, 1533-34 (Fed. Cir. 1997)); TMEP §1207.01(b)(viii), (c)(ii). Registrant has disclaimed all of the wording in the mark except for HEDGEHOG. Therefore, HEDGEHOG is the dominant feature of registrant’s mark and this dominant feature is identical to applicant’s mark.

Comparison as to Registration No. 5864617

When evaluating a composite mark consisting of words and a design, the word portion is normally accorded greater weight because it is likely to make a greater impression upon purchasers, be remembered by them, and be used by them to refer to or request the goods and/or services. *In re Aquitaine Wine USA, LLC*, 126 USPQ2d 1181, 1184 (TTAB 2018) (citing *In re Viterro Inc.*, 671 F.3d 1358, 1362, 101 USPQ2d 1905, 1908 (Fed. Cir. 2012)); TMEP §1207.01(c)(ii). Thus, although marks must be compared in their entireties, the word portion is often considered the dominant feature and is accorded greater weight in determining whether marks are confusingly similar, even where the word portion has been disclaimed. *In re Viterro Inc.*, 671 F.3d at 1366-67, 101 USPQ2d at 1911 (citing *Giant Food, Inc. v. Nation’s Foodservice, Inc.*, 710 F.2d 1565, 1570-71, 218 USPQ2d 390, 395 (Fed. Cir. 1983)). Therefore, consumers will focus on the wording of registrant’s mark.

Incorporating the entirety of one mark within another does not obviate the similarity between the compared marks, as in the present case, nor does it overcome a likelihood of confusion under Section 2(d). *See Wella Corp. v. Cal. Concept Corp.*, 558 F.2d 1019, 1022, 194 USPQ 419, 422 (C.C.P.A. 1977) (holding CALIFORNIA CONCEPT and surfer design and CONCEPT confusingly similar); *Coca-Cola Bottling Co. v. Jos. E. Seagram & Sons, Inc.*, 526 F.2d 556, 557, 188 USPQ 105, 106 (C.C.P.A. 1975) (holding BENGAL LANCER and design and BENGAL confusingly similar); *Double Coin Holdings, Ltd. v. Tru Dev.*, 2019 USPQ2d 377409, at *6-7 (TTAB 2019) (holding ROAD WARRIOR and WARRIOR (stylized) confusingly similar); *In re Mr. Recipe, LLC*, 118 USPQ2d 1084, 1090 (TTAB 2016) (holding JAWS DEVOUR YOUR HUNGER and JAWS confusingly similar); TMEP §1207.01(b)(iii). In the present case, the marks are identical in part. The added wording in registrant's mark does not alter the commercial impression of the word HEDGEHOG.

In sum, given the highly similar appearance and sound of the marks, it follows that the marks create a highly similar commercial impression and therefore the marks are confusingly similar.

COMPARISON OF THE GOODS AND/OR SERVICES

Applicant's goods and services are financial software and financial services, specifically: "Downloadable software for creating stored value accounts; Downloadable software for managing third party stored value accounts; Downloadable digital currency and crypto currency wallet software; Downloadable software for managing third party digital currency and crypto currency wallets; Downloadable software for purchasing, selling, and trading digital currencies, crypto currencies, securities, commodities, futures, and equity interests; Downloadable software for managing third party accounts for purchasing, selling, and trading digital currencies, crypto currencies, securities, commodities, futures, and equity interests; Downloadable software for tracking and researching digital currency, crypto currency, and equity interest prices and values; Downloadable software for allowing users to tracking and researching digital currency, crypto currency, and equity interest prices and values via third party services; Downloadable software for tax management, specifically for the purpose of identifying potential tax savings from Specific Share Identification reporting; Downloadable software for providing automated, algorithmically generated advice concerning the purchasing, selling, and trading digital currencies, crypto currencies, securities, commodities, futures, and equity interests; Downloadable software for sending and accepting financial, digital currency, and crypto currency payments and transactions; Downloadable software for allowing users to send and accept financial, digital currency, and crypto currency payments and transactions via third party services," in class 9, "Providing an internet website portal in the fields of finance, digital currency, crypto currency, to allow users to view price information and to purchase and trade digital currencies, crypto currencies, securities, commodities, futures, and equity interests; Financial, investment advisor, and private equity consultant services; Financial, investment advisor, and private equity consultant services, namely, software for providing automated, algorithmically generated advice concerning the purchasing, selling, and trading digital currencies, crypto currencies, securities, commodities, futures, and equity interests," in class 36 and "Software as a service (SAAS), namely, software for creating stored value accounts; Software as a service (SAAS), namely, software for allowing users to process and manage stored value accounts offered by third party providers; Software as a service (SAAS), namely, digital currency and crypto currency wallet software; Software as a service (SAAS), namely, software for allowing users to process and manage third party digital currency and crypto currency wallets; Software as a service (SAAS), namely, software for purchasing, selling, and trading currencies and crypto currencies; Software as a service (SAAS), namely, software for managing third party accounts for purchasing, selling, and trading digital currencies, crypto currencies, securities, commodities, futures, and equity interests; Software as a service (SAAS), namely, software for tracking and researching digital currency,

crypto currency, and equity interest prices and values; Software as a service (SAAS), namely, software for allowing users to track and research digital currency, crypto currency, and equity interest prices and values via third party services; Software as a service (SAAS), namely, software for the purpose of identifying potential tax savings from Specific Share Identification reporting; Software as a service (SAAS), namely, software for providing automated, algorithmically generated advice concerning the purchasing, selling, and trading digital currencies, crypto currencies, securities, commodities, futures, and equity interests; Software as a service (SAAS), namely, software for sending and accepting financial, digital currency, and crypto currency payments and transactions; Software as a service (SAAS), namely, software for allowing users to send and accept financial, digital currency, and crypto currency payments and transactions via third party services," in class 42.

Registrant 5328288's goods are financial services, specifically: "Financial advice."

Registrant 5864617's services are in relevant part financial services, specifically: "Issuance and financial management of credit cards and travelers' checks; financial advisory and consultancy services; banking services; credit and loan services; capital investment; insurance underwriting for all types of insurance; hire-purchase financing; rental of sports stadiums and buildings; financial sponsorship of sports events; information services concerning finance and insurance, provided from a computer database or via the internet or on any wireless electronic communication network; home banking services; banking services on the internet or any wireless electronic communication network; bill payment services by mobile telephony; safe deposit box services; financial affairs and monetary affairs, namely, financial information, management and analysis services; commercial and residential real estate agency services; providing lease financing for software packages for computers; providing lease financing for computer programs."

As the case law and attached evidence shows, applicant's and registrant's goods and/or are commercially related.

The goods and/or services are compared to determine whether they are similar, commercially related, or travel in the same trade channels. *See Coach Servs., Inc. v. Triumph Learning LLC*, 668 F.3d 1356, 1369-71, 101 USPQ2d 1713, 1722-23 (Fed. Cir. 2012); *Herbko Int'l, Inc. v. Kappa Books, Inc.*, 308 F.3d 1156, 1165, 64 USPQ2d 1375, 1381 (Fed. Cir. 2002); TMEP §§1207.01, 1207.01(a)(vi).

The attached Internet evidence, consisting of screenshots of goods and services provided by Merrill Lynch, Edward Jones, Crypto.com, and Coinbase, establishes that the same entity commonly manufactures, produces, or provides applicant's types of financial software and services and registrants' types of financial services and markets the goods and/or services under the same mark. For example, the evidence from Crypto.com shows that they provide downloadable and non-downloadable software for managing and digital currency accounts and payments and also provide online financial advice and information. Thus, applicant's and registrant's goods and/or services are considered related for likelihood of confusion purposes. *See, e.g., In re Davey Prods. Pty Ltd.*, 92 USPQ2d 1198, 1202-04 (TTAB 2009); *In re Toshiba Med. Sys. Corp.*, 91 USPQ2d 1266, 1268-69, 1271-72 (TTAB 2009).

In total, the marks create the same commercial impression and the evidence shows that the goods and/or services are commercially related and likely to be encountered together in the marketplace by consumers. Therefore, consumers are likely to be confused and mistakenly believe that the goods and/or services originate from a common source. Therefore, there is a likelihood of confusion and registration must be refused under Section 2(d) of the Lanham Act.

Although applicant's mark has been refused registration, applicant may respond to the refusal(s) by submitting evidence and arguments in support of registration. However, if applicant responds to the refusal(s), applicant must also respond to the requirement(s) set forth below.

CLASSIFICATION OF GOODS/SERVICES

Applicant has classified "Financial, investment advisor, and private equity consultant services, namely, software for providing automated, algorithmically generated advice concerning the purchasing, selling, and trading digital currencies, crypto currencies, securities, commodities, futures, and equity interests" in International Class 36; however, the proper classification is either International Class 9 or 42 depending on whether the software is recorded or non-downloadable. Therefore, applicant may respond by reclassifying these goods and/or services in the proper international class, or (2) deleting "Financial, investment advisor, and private equity consultant services, namely, software for providing automated, algorithmically generated advice concerning the purchasing, selling, and trading digital currencies, crypto currencies, securities, commodities, futures, and equity interests" from the application. *See* 37 C.F.R. §§2.86(a), 6.1; TMEP §§1403.02 *et seq.*

IDENTIFICATION OF GOODS AND SERVICES

THIS PARTIAL REQUIREMENT APPLIES ONLY TO THE GOODS AND SERVICES SPECIFIED THEREIN

The wording "Downloadable digital currency and crypto currency wallet software" in the identification of goods is indefinite and must be clarified because the function of the software is not clear. *See* 37 C.F.R. §2.32(a)(6); TMEP §1402.01. Applicant may substitute the following wording, if accurate: "Downloadable software for use as a digital currency and crypto currency wallet."

Applicant must clarify the wording "Financial, investment advisor, and private equity consultant services, namely, software for providing automated, algorithmically generated advice concerning the purchasing, selling, and trading digital currencies, crypto currencies, securities, commodities, futures, and equity interests" in the identification of goods and/or services in International Class(es) 36 because it is indefinite and too broad. *See* 37 C.F.R. §2.32(a)(6); TMEP §§1402.01, 1402.03. This wording is indefinite because this appears to be an entry for software not a financial service. Further, this wording could identify goods and/or services in more than one international class. For example, downloadable and recorded software is in International Class 9 and software as a services is in International Class 42.

The wording "Software as a service (SAAS), namely, digital currency and crypto currency wallet software" in the identification of services is indefinite and must be clarified because the function of the software is not clear. *See* 37 C.F.R. §2.32(a)(6); TMEP §1402.01.

International Class 42 is indefinite and must be clarified in its entirety because the wording "Software as a service (SAAS), namely, software for ____" does not make it clear that this activity is a service. *See* 37 C.F.R. §2.32(a)(6); TMEP §1402.01.

Applicant may substitute the following wording, if accurate, with proposed changes in bold and any further explanation in brackets:

International Class 9: Downloadable software for creating stored value accounts; Downloadable software for managing third party stored value accounts;**Downloadable software for use as a digital**

currency and crypto currency wallet; Downloadable software for managing third party digital currency and crypto currency wallets; Downloadable software for purchasing, selling, and trading digital currencies, crypto currencies, securities, commodities, futures, and equity interests; Downloadable software for managing third party accounts for purchasing, selling, and trading digital currencies, crypto currencies, securities, commodities, futures, and equity interests; Downloadable software for tracking and researching digital currency, crypto currency, and equity interest prices and values; Downloadable software for allowing users to tracking and researching digital currency, crypto currency, and equity interest prices and values via third party services; Downloadable software for tax management, specifically for the purpose of identifying potential tax savings from Specific Share Identification reporting; Downloadable software for providing automated, algorithmically generated advice concerning the purchasing, selling, and trading digital currencies, crypto currencies, securities, commodities, futures, and equity interests; Downloadable software for sending and accepting financial, digital currency, and crypto currency payments and transactions; Downloadable software for allowing users to send and accept financial, digital currency, and crypto currency payments and transactions via third party services; **{indicate downloadable or recorded} financial, investment advisor, and private equity consultant software for providing automated, algorithmically generated advice concerning the purchasing, selling, and trading digital currencies, crypto currencies, securities, commodities, futures, and equity interests** [from International Class 36]

International Class 36: Providing an internet website portal in the fields of finance, digital currency, crypto currency, to allow users to view price information and to purchase and trade digital currencies, crypto currencies, securities, commodities, futures, and equity interests; Financial, investment advisor, and private equity consultant services;

International Class 42: **Software as a service (SAAS) services featuring software for creating stored value accounts; Software as a service (SAAS) services featuring software for allowing users to process and manage stored value accounts offered by third party providers; Software as a service (SAAS) services featuring software for use as a digital currency and crypto currency wallet; Software as a service (SAAS) services featuring software for allowing users to process and manage third party digital currency and crypto currency wallets; Software as a service (SAAS) services featuring software for purchasing, selling, and trading currencies and crypto currencies; Software as a service (SAAS) services featuring software for managing third party accounts for purchasing, selling, and trading digital currencies, crypto currencies, securities, commodities, futures, and equity interests; Software as a service (SAAS) services featuring software for tracking and researching digital currency, crypto currency, and equity interest prices and values; Software as a service (SAAS) services featuring software for allowing users to track and research digital currency, crypto currency, and equity interest prices and values via third party services; Software as a service (SAAS) services featuring software for the purpose of identifying potential tax savings from Specific Share Identification reporting; Software as a service (SAAS) services featuring software for providing automated, algorithmically generated advice concerning the purchasing, selling, and trading digital currencies, crypto currencies, securities, commodities, futures, and equity interests; Software as a service (SAAS) services featuring software for sending and accepting financial, digital currency, and crypto currency payments and transactions; Software as a service (SAAS) services featuring software for allowing users to send and accept financial, digital currency, and crypto currency payments and transactions via third party services; Software as a service (SAAS) services featuring financial, investment advisor, and private equity consultant software software for providing automated, algorithmically generated advice concerning the purchasing, selling, and trading digital currencies, crypto currencies, securities, commodities, futures, and equity interests** [from International Class 36]

Applicant may amend the identification to clarify or limit the goods and/or services, but not to broaden or expand the goods and/or services beyond those in the original application or as acceptably amended. *See* 37 C.F.R. §2.71(a); TMEP §1402.06. Generally, any deleted goods and/or services may not later be reinserted. *See* TMEP §1402.07(e).

For assistance with identifying and classifying goods and services in trademark applications, please see the USPTO's online searchable [U.S. Acceptable Identification of Goods and Services Manual](#). *See* TMEP §1402.04.

RESPONSE GUIDELINES

Please call or email the assigned trademark examining attorney with questions about this Office action. Although an examining attorney cannot provide legal advice, the examining attorney can provide additional explanation about the refusal(s) and/or requirement(s) in this Office action. *See* TMEP §§705.02, 709.06.

The USPTO does not accept emails as responses to Office actions; however, emails can be used for informal communications and are included in the application record. *See* 37 C.F.R. §§2.62(c), 2.191; TMEP §§304.01-.02, 709.04-.05.

★☆☆☆☆ July 25, 2022

This app is awful. It takes several attempts to sign in. It keeps trying to make me use biometrics, but when I set up biometrics it won't work. It doesn't work well with the built in password manager. Anything that gets auto filled by the password manager gets erased immediately. Messages in the secure inbox always show up as expired even when their expiration date is months out. For whatever reason the messages timeline is the only way to actually open messages.

David Van

★★★☆☆ December 24, 2020

App is ok. It serves it purpose; however, it's not very intuitive. Also when I took pictures of my documents, it somehow generated multiple images of the same image on every picture taken. I had to go back, review and delete many duplicates. Also, the image of the camera app was very jerky, and sometimes it cuts off part of the document, but during picture snap, the entire document was within frame.

★★★★★ November 23, 2019

I really dig the layout of the app. It is very intuitive. I've had no troubles finding any information or feature, unlike other financial apps. It had a recent issue of getting stuck on the splash screen. I uninstalled and reinstalled to get the latest version. Just never know if it's the app or the phone that causes the issue for the developers.

BANK OF AMERICA 

Investing involves risk. There is always the potential of losing money when you invest in securities.

Past performance does not guarantee future results.

Asset allocation, rebalancing and diversification do not guarantee against risk in broadly declining markets.

Merrill, its affiliates, and financial advisors do not provide legal, tax, or accounting advice. You should consult your legal and/or tax advisors before making any financial decisions.

This material is not intended as a recommendation, offer or solicitation for the purchase or sale of any security or investment strategy. Merrill offers a broad range of brokerage, investment advisory (including financial planning) and other services. Additional information is available in our [Client Relationship Summary](#).

Merrill Lynch, Pierce, Fenner & Smith Incorporated (also referred to as "MLPF&S" or "Merrill") makes available certain investment products sponsored, managed, distributed or provided by companies that are affiliates of Bank of America Corporation ("BoFA Corp."). MLPF&S is a registered broker-dealer, registered investment adviser, [Member SIPC](#), and a wholly owned subsidiary of BoFA Corp.

Insurance and annuity products are offered through Merrill Lynch Life Agency Inc., a licensed insurance agency and wholly owned subsidiary of Bank of America Corporation.

Trust, fiduciary and investment management services, including assets managed by the Specialty Asset Management team, are provided by Bank of America, N.A., Member FDIC and wholly owned subsidiary of Bank of America Corporation ("BoFA Corp."), and its agents.

Banking products are provided by Bank of America, N.A. and affiliated banks, Members FDIC and wholly owned subsidiaries of Bank of America Corporation.

Investment, insurance and annuity products:

Are Not FDIC Insured	Are Not Bank Guaranteed	May Lose Value
Are Not Deposits	Are Not Insured by Any Federal Government Agency	Are Not a Condition to Any Banking Service or Activity

Important Information:

Google Play and the Google Play logo are trademarks of Google LLC.

Apple, the Apple logo, iPhone, and iPad are trademarks of Apple Inc., registered in the U.S. and other countries and regions. App Store is a service mark of Apple Inc.

Unlock the world of crypto

Life on the blockchain made simple and secure.

Control your crypto

Coinbase Wallet is a self-custody wallet, giving you complete control of your crypto.

Store all of your NFTs

Safely store and easily view all of your Ethereum and Polygon NFTs right in your Wallet.

Industry-leading security

Additional security options on all of your devices provide more ways to keep your crypto safe and secure.

Works with Coinbase

Already a Coinbase customer? Link your Coinbase account to your Wallet to easily access your crypto.

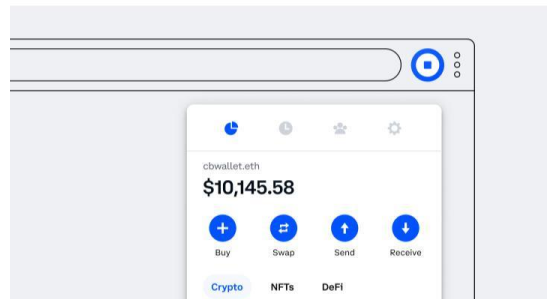

Every ERC-20 from Aave to ZRX

Coinbase Wallet supports hundreds of thousands of coins and a whole world of decentralized apps. It's your crypto - use it how and where you'd like.

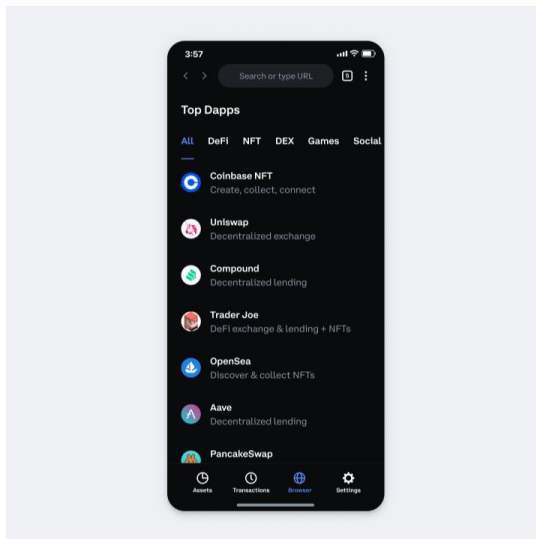

Your wallet, keys, and crypto

Coinbase Wallet is a self-custody crypto wallet, putting you in control of your crypto, keys, and data. Now you can safely store your crypto and rare NFTs in one place.

	Ethereum	\$5,482.87 2.9828 ETH
	Solana	\$2,670.26 61.0778 SOL
	Avalanche	\$1,208.12 61.078 AVAX
	Matic	\$784.33 1,228.20 MATIC

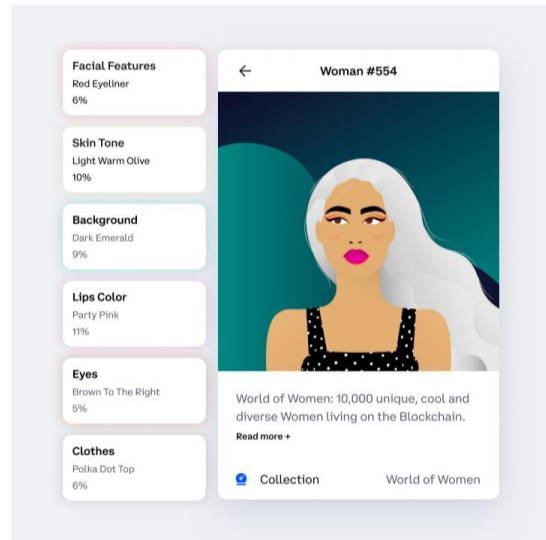

Explore the decentralized web with confidence

Coinbase Wallet is your passport to the decentralized web. Harness the power of DeFi to earn yield, grow your NFT collection, and much more.

- Use DeFi liquidity pools to supply or borrow crypto
- Swap assets on decentralized exchanges
- Join a DAO and help shape a major web3 project

The easiest way to get from cash to NFT

With support for buying crypto with credit or debit cards in over 90 countries, you can fund your Coinbase Wallet and start your NFT collection with just a few taps or clicks.

United States Patent and Trademark Office (USPTO)

USPTO OFFICIAL NOTICE

Office Action (Official Letter) has issued
on August 26, 2022 for
U.S. Trademark Application Serial No. 97122034

A USPTO examining attorney has reviewed your trademark application and issued an Office action. You must respond to this Office action in order to avoid your application abandoning. Follow the steps below.

- (1) **[Read the Office action](#)**. This email is NOT the Office action.
- (2) **Respond to the Office action by the deadline** using the Trademark Electronic Application System (TEAS). Your response must be received by the USPTO on or before 11:59 p.m. **Eastern Time** of the last day of the response period. Otherwise, your application will be **[abandoned](#)**. See the Office action itself regarding how to respond.
- (3) **Direct general questions** about using USPTO electronic forms, the USPTO **[website](#)**, the application process, the status of your application, and whether there are outstanding deadlines to the **[Trademark Assistance Center \(TAC\)](#)**.

After reading the Office action, address any question(s) regarding the specific content to the USPTO examining attorney identified in the Office action.

GENERAL GUIDANCE

- **[Check the status](#) of your application periodically** in the **[Trademark Status & Document Retrieval \(TSDR\)](#)** database to avoid missing critical deadlines.
- **[Update your correspondence email address](#)** to ensure you receive important USPTO notices about your application.
- **[Beware of trademark-related scams](#)**. Protect yourself from people and companies that may try to take financial advantage of you. Private companies may call you and pretend to be the USPTO or may send you communications that resemble official USPTO documents to trick you. We will never request your credit card number or social security number over the phone. And all official USPTO correspondence will only be emailed from the domain “@uspto.gov.” Verify the correspondence originated from us by using your Serial Number in our database, **[TSDR](#)**, to confirm that it appears under the “Documents” tab, or contact the **[Trademark Assistance Center](#)**.

- **Hiring a U.S.-licensed attorney.** If you do not have an attorney and are not required to have one under the trademark rules, we encourage you to hire a U.S.-licensed attorney specializing in trademark law to help guide you through the registration process. The USPTO examining attorney is not your attorney and cannot give you legal advice, but rather works for and represents the USPTO in trademark matters.
